PROFESSIONAL SUMMARY

Final-year BSc (Hons) Computer Science undergraduate with practical experience in UI/UX design, front-end development, and web application development through academic and project-based work. Skilled in creating user-centered digital experiences by applying research, wireframing, prototyping, and interface design principles, alongside hands-on development of responsive and functional web systems. Seeking opportunities in UI/UX Design and Front-End/Web Development, as well as roles in Software Engineering and Business Analysis, to apply design and development skills in building practical, user-focused digital products and to grow within a collaborative, product-driven IT environment.

EDUCATION

BSc (Hons) Computer Science (Top-Up) University of Bedfordshire (UK)	Expected Graduation, September 2027
Higher National Diploma in Information Technology SLIIT City University	2024 – 2026
G.C.E. Advanced Level — Biological Science Stream Good Shepherd Convent, Kandy	2010 – 2023

SKILLS

UI/UX & Design	Figma · Wireframing · Prototyping · User Flows · Design Systems · Information Architecture · HCI · Accessibility · Usability Testing · Responsive Design
Web Development	HTML5 · CSS3 · JavaScript · Bootstrap · Node.js · Express.js · PHP Java ·
Programming Languages	JavaScript · Python (Basic) · Dart (Basic) · C · SQL
Databases	MySQL · MongoDB · Firebase (Firestore · Authentication)
Data & Analytics	Power BI · RStudio · Data Visualization · Statistical Analysis (Basic)
Tools & Platforms	Git · GitHub · VS Code · Android Studio · Linux · Selenium (Basic)
Methodologies	Agile · Scrum · SDLC · User-Centered Design

WORK EXPERIENCE

Freelance UI/UX Designer & Front-End Developer (Client Project) Dr. A. R. M. Noufer PharmaCare Management System <i>React · Figma · UI/UX · System Analysis</i>	June 2026 -Ongoing
--	---------------------------

- Collaborating with a team to design and develop a full-stack pharmacy management system, focusing on improving workflow efficiency and user experience
- Contributing to requirements gathering, system analysis, and UI/UX design, including user flows, wireframes, and high-fidelity prototypes using Figma
- Supporting front-end development using React to build responsive, component-based interfaces within an iterative, Agile-style development process

Bambare - Travel Management System

February 2026- May 2026

Flutter · Firebase · Twilio · Figma

- Delivered a cross-platform travel management app covering 5 core modules: tour operations, bookings, and travel planning, map and currency converter
- Integrated Firebase real-time database and Twilio SMS notifications, achieving sub-2-second booking update delivery across Android and iOS
- Built backend services and integrated APIs to support tour packages, scheduling, and administrative operations

VaultX - Multi-Bank Account Management App

September 2025- December 2025

Figma · UI/UX · HCI · Prototyping

- Designed end-to-end user flows and high-fidelity prototypes for a multi-bank account management application focused on financial usability
- Applied HCI principles across 3 key interaction flows, reducing task completion steps by 25% compared to initial wireframe benchmarks
- Developed a consistent design system with reusable components, typography, and visual hierarchy in Figma

Aura & Co. - E-Commerce

May 2025- July 2025

HTML · CSS · JavaScript · PHP · MySQL

- Developed a full-stack e-commerce platform with authentication, product management, shopping cart, and checkout functionality
- Achieved fully responsive layouts across 5 breakpoints, ensuring seamless cross-device experience on mobile, tablet, and desktop
- Integrated PHP backend and MySQL database for secure product and order management

GlowGuide - Skincare Mobile Application

July 2025- September 2025

Java · Android Studio · Retrofit APIs · Room Database

- Designed and developed an Android-based skincare companion application focused on personalized routine management and user engagement
- Integrated Retrofit API for real-time product recommendations and Room Database for offline-first local storage across 3 data entities
- Implemented push notification reminders, increasing simulated routine adherence rate by 35% during user testing sessions

LEADERSHIP & CO-CURRICULAR ACTIVITIES

Batch Representative – SLIIT Kandy Uni

September 2025 – Present

- Liaising between students and academic staff; coordinating academic communication and updates

Main Committee Member / House Vice-Captain - Good Shepherd Convent, Kandy

2021 – 2022

- Represented house in school activities and supported event coordination and student leadership programs

Committee Member – Science Society – Good Shepherd Convent, Kandy

2021 – 2023

- Co-organized school science and health events; assisted in planning and logistics
