

SHAMLA NOUFER

UI/UX Designer | Computer Science Undergraduate | Product & Interaction Design

Kandy, Sri Lanka | +94 77 281 2449 | shamlanoufer@gmail.com | [Portfolio](#) | [LinkedIn](#)

PROFESSIONAL SUMMARY

UI/UX Designer and final-year Computer Science undergraduate with experience designing responsive web and mobile applications using Figma. Skilled in wireframing, prototyping, user research, usability testing, and design systems. Experienced in collaborating with developers in Agile environments to create user-centered digital products. Passionate about transforming complex problems into intuitive and engaging user experiences.

CORE COMPETENCIES

- UI/UX Design & Prototyping
- User Research & Requirements Analysis
- Wireframing & User Flows
- Design Systems
- Accessibility & Usability Testing
- Team Collaboration & Agile Workflow
- Time Management & Organization
- Analytical Thinking & Problem Solving
- Technical Documentation & Reporting

EDUCATION

BSc (Hons) Computer Science (Top-Up) | University of Bedfordshire, UK — Validated by SLIIT 2026 – Present
Final Year · Currently in progress

Higher Diploma in Information Technology | SLIIT Kandy University 2024 – 2026

G.C.E. Advanced Level - Biological Science Stream | Good Shepherd Convent, Kandy 2010 – 2023

PROJECT EXPERIENCE

SLIIT City University Website Redesign — Figma | UI/UX | HCI

- Conducted usability and information architecture analysis to identify key user experience issues and navigation challenges
- Designed wireframes, responsive interface layouts, and high-fidelity prototypes using HCI principles to enhance usability across desktop and mobile devices
- Developed a reusable design system with consistent typography, color schemes, and interface components

VaultX – Multi-Bank Account Management App — Figma | UI/UX | Prototyping

- Designed user flows, responsive wireframes, and high-fidelity prototypes for a secure multi-bank account management application, ensuring a consistent experience across multiple screen sizes
- Created responsive mobile interface designs focused on intuitive navigation, accessibility, and seamless account management
- Applied Human-Computer Interaction (HCI) principles to improve usability and user engagement

PharmaCare Management System (Ongoing) — React | Figma | UI/UX | System Analysis

- Conducting requirements gathering, workflow analysis, and technical documentation for a pharmacy management platform.
- Designing user flows, information architecture, and responsive interface concepts for inventory, sales, and reporting modules.
- Contributing to system planning including role-based access control, dashboard design, and user experience improvements.
- Collaborating on frontend architecture and preparing for implementation using React and modern web technologies.

Bambare Travel Management System — Flutter | Firebase | Agile | Git | Figma

- Contributed to requirement gathering and feature planning for a dual-platform travel management system (mobile app + admin dashboard)
- Designed responsive UI screens and user flows in Figma, supporting a consistent user experience across platforms
- Assisted in structuring workflows, documentation, and feature definitions across the project lifecycle
- Participated in Agile development, sprint planning, and team collaboration using Git and GitHub

GlowGuide – Skincare Mobile Application — Java | Android Studio | APIs

- Defined user requirements and contributed to functional planning for a personalized skincare application
- Designed UI flow structure and supported usability improvements for better user engagement
- Implemented multi-screen navigation and integrated external APIs

Aura & Co. – E-Commerce Platform — HTML | CSS | JavaScript | PHP | MySQL

- Developed a responsive full-stack e-commerce platform featuring authentication, product management, and an administrative dashboard

Student Record Management System — Node.js | MongoDB | Bootstrap

- Built a CRUD-based student management system with REST APIs and responsive user interface design

TECHNICAL SKILLS

UI/UX & Design	Figma · Responsive Design · Mobile-First Design · Wireframing · Prototyping · User Flows · Design Systems · Information Architecture · HCI · Accessibility · Usability Testing
Project & Coordination Skills	Documentation · Process Mapping · Task Tracking · Workflow Mapping
Languages	Java · Dart · JavaScript · C · Python (Basic) R (Basic)
Web Development	HTML5 · CSS3 · JavaScript · Bootstrap · Node.js · Express.js · PHP
Databases	MySQL · MongoDB · Firebase Firestore · Firebase Authentication
Data & Analytics	Power BI · RStudio · Statistical Analysis · Data Visualization
Tools & Platforms	Git · GitHub · VS Code · Android Studio · Linux (Ubuntu · Kali) · Selenium (Basic)
Methodologies	Agile · Scrum · SDLC · User-Centered Design · Version Control Workflows

LEADERSHIP & VOLUNTEER EXPERIENCE

Batch Representative SLIIT Kandy University	Sep 2025 – Present
• Serve as the primary liaison between the student cohort and academic faculty, effectively communicating student concerns, academic updates, and institutional announcements. • Coordinate batch-level academic communication and support academic and administrative activities	
House Vice-Captain Good Shepherd Convent, Kandy	2021 – 2022
• Represented the house in inter-house events and student leadership forums; coordinated academic and sports activities, developing communication, leadership, and event management competencies.	
Committee Member - Science Society Good Shepherd Convent, Kandy	2021 – 2023
• Co-organized Science Day, Science Exhibition, and Health Camp events; managed logistics and scheduling in collaboration with peers and faculty, strengthening planning and teamwork skills.
